This Office action is in response to applicant's amendment filed on 18 July 2005.

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

**In the Claims:**

Cancel claims 9-19.

3. This application is in condition for allowance except for the presence of claim 9-19 drawn to an invention non-elected without traverse. Accordingly, claims 9-19 have been cancelled.

4. Claims 1-8 are allowed.

Art Unit: 2813

5. The following is an examiner's statement of reasons for allowance: Claims 1-8 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method for fabricating a device having in sequence on a substrate, a first electrode, a dielectric layer, and a second electrode, that includes using a first hard mask to shape both the second electrode and the dielectric layer by etching, encapsulating the second electrode and the dielectric layer, and using a second hard mask to etch through the first electrode, wherein the second hard mask is applied to the encapsulating material and wherein both hard masks are removed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
